

Opponents Comments on Women in our work place:

Before casting your important Primary Election vote base your choice on FACTS rather than unproven ALLEGATIONS and outlandish POLITICAL HYPE.

Since being elected Sheriff, twenty-two women have worked in various capacities at the Sheriff's Office. Among all those females just one has made allegations of harassment and these claims have yet to be proven in court.

The Maryland Attorney General's Office conducted an inquiry into the matter and interviewed numerous female staff members. Their conclusion was that there was no misconduct found and is currently defending the Sheriff against the allegations.

Over the past two terms, the Sheriff's Office has had your confidence and support. Vote to re-elect Sheriff Gary Hofmann.
