(BEING MISLED BY THE OTHER SHERIFF CANDIDATE)

GET THE FACTS

Under Sheriff Hofmann's Administration, employees accused of misconduct or harassment have been promptly investigated and disciplined. This included the Sheriff's own brother who was Investigated, Demoted and then Terminated. **FACT**

A plaintiff in a current lawsuit failed to show up to work for an extended period of time, exhausted their leave and was given extra leave by the Sheriff. After separation from employment was even offered her job back with accommodations, and declined. **FACT**

After a lawsuit was filed, the Maryland Attorney General's Office conducted an inquiry into the matter to include interviewing the female staff at the office. Results - no misconduct found, and is currently defending the Sheriff against the frivolous allegations. **FACT**

The citizens of Queen Anne's County should not be misled by a desperate candidate over a lawsuit that has not seen its day in court. Mr. Banks, after suffering a stunning loss the previous election, switched political parties and is now "Banking" on a lawsuit to win an election to which there has been no findings. He has no platform, just a smear campaign... **FACT**

Sheriff Hofmann refuses to run a negative campaign and instead focuses on the accomplishments he, his staff and the citizens of Queen Anne's County have made over the last seven years. Let's keep Queen Anne's County the safest on the Shore, and together we will make it the safest in the state. **FACT**

Sheriff Gary Hofmann has demonstrated fiscal responsibility, dedication to the community, families, kids and seniors. Reduced drug activity, prevention programs, tough on crime, he has been there 24-7, keeping us safe. Let's give him our **VOTE** of confidence on or before June 24th.
